

Assessment of Financial Circumstances form – Academic year 2021/22

You can send the details we're asking for online at: www.studentfinancewales.co.uk

The student that you are providing information for must also complete and return their main application.

About this form

As part of a student's application for student finance we ask them to confirm their current living arrangements. Depending on their age and who they live with, they may need to ask someone to send us some information in support of their application. This is so that they can get all of the student finance they're entitled to.

What you need to tell us

Some personal details and your income for the tax year 2019-20. We can't accept income details from any other tax year. We'll use your income details to work out how much student finance the student(s) you are supporting will receive.

How to complete this form

Follow the instructions, we'll tell you what questions you need to answer and what ones you can skip. You'll need to have your UK National Insurance number, and your P60 or tax return information for tax year 2019-20 to hand.

You need to complete all of the questions you're asked to. Any missing information will delay the student's application for student finance.

 Where you see this you should check the notes at the back of this form for specific information to help you complete a question or section.

To find out how we'll use the information you provide go to www.studentfinancewales.co.uk/privacynotice to read our Privacy Notice before completing this form.

The student may be eligible for a bursary or scholarship. In order for a university or college to determine and pay any bursary or scholarship to which the student(s) you are supporting may be entitled, we will share some of your personal and financial details with them. For more information about this, read our Privacy Notice.

What happens if your household income has dropped since tax year 2019-20?

If your household income has dropped by 15% or more since tax year 2019-20, you can apply for a 'Current Year Income assessment'. Doing this means the student could get more student finance.

To do this, you must complete this form and then go to: www.studentfinancewales.co.uk to download and complete a 'Current Year Income form'.

Please note that we can't use your Current Year Income form if you don't complete and return this form too.

How to complete this form

Tick the option below that applies to you and follow the instructions given.

Option 1

I am:

- the student's natural or adoptive parent; or
- the student's step-parent; or
- the husband, wife, civil partner or cohabiting partner of one of the student's parents.

You and your cohabiting partner, if you have one, need to complete the rest of the form as instructed.

By cohabiting partner we mean your husband, wife, civil partner, or long term partner that lives with you.

You should provide the student's details in Section 1 and complete the rest of the form as **Person 1**.

Your cohabiting partner should complete the rest of the form as **Person 2**. If you don't have a cohabiting partner leave Person 2 blank.

If you, or your cohabiting partner, are asked to answer a question and it is left blank this could delay any payments to the student.

You do not have to disclose your financial information to your partner.

If you would like to provide your information separately go to: www.studentfinancewales.co.uk and you can download another copy of this form.

Option 2

I am:

- the student's husband, wife or civil partner; or
- the student's cohabiting partner and I live with them as though I am married or in a civil partnership. You must complete this form if:
 - the student started their course on or after the 1 August 2018; or
 - the student started their course before the 1 August 2018 and was over 25 on the 1st day of the 1st academic of their course.

You should provide the student's details in Section 1 and complete the rest of the form as Person 1, leave person 2 blank. By cohabiting partner we mean your husband, wife, civil partner, or long term partner that lives with you.

If the two options above don't apply to you, then you can't complete this form. You should give the form back to the student.

1 July 2022 and 31 July 2022 inclusive	1 July 2022 to 30 June 2023

7.2 Income

The child dependant's income is required to assess eligibility for deductions in the calculation of household income for each child that is wholly or mainly financially dependent on the student, the student's husband, wife or partner or the student's parents or step-parents. You can find out more information at: **www.studentfinancewales.co.uk** about how household information is calculated.

Please do not include income from sources such as the Government Child Trust, State Child Benefit, Child Tax Credit, the child element of Universal Credit or minimal sums of money from other sources when entering a child dependant's income.

Additional Information

Change of circumstances

You must provide immediate notification of, and details about, any change in your circumstances, which may affect the applicant's entitlement to financial support. The most common change of circumstances would be if:

- your household income changes; or
- your marital status changes.
