## Section 1 - finance available

### Tuition Fee Loan **REPAYABLE**

You may not be eligible for a Tuition Fee Loan if you already hold a UK honours degree.

If you started your course on or after 1 August 2018 at a university or college in Wales, England, Scotland or Northern Ireland that is charging flexible or variable tuition fees up to a maximum of £9,250 you will be able to take out a Tuition Fee Loan of up to £9,250.

If you started your course before 1 August 2018 at a university or college in Wales, England, Scotland or Northern Ireland that is charging flexible or variable tuition fees up to a maximum of £9,250 you will be able to take out a Tuition Fee Loan of up to £4,955. You may be able to get a Fee Grant of up to £4,295 to cover the rest of your tuition fees. Please see the example in the Fee Grant section below.

If you are undertaking a course at a private university or college you can only apply for a Tuition Fee Loan up to the maximum of £6,165 if your course is one that qualifies for tuition fee support.

If you are on an accelerated degree course, please contact your university or college if you are unsure about the tuition fee amount you will be charged.

The Tuition Fee Loan borrowed will be paid directly to your university or college in three instalments within the academic year. You will be liable for your Tuition Fee Loan from the first day of each term.

If you started your course on or after 1 August 2018 and you're a full-time distance learning student, you may be eligible for a Tuition Fee Loan.

### Maintenance Loan (Loan for Living Costs) **REPAYABLE**

You may not be eligible for a Maintenance Loan if you already hold a UK honours degree, unless you are taking a particular vocational degree.

If you started your course on or after 1 August 2018, the way we'll work out your Maintenance Loan has changed. The total amount of student finance you can get depends on where you live while you're studying. This amount will be split between Maintenance Loan and Welsh Government Learning Grant. We'll work out how much Welsh Government Learning Grant you can get first then the rest of your student finance will be awarded as a Maintenance Loan. If you request more Maintenance Loan than you're entitled to, we'll award you the lower amount.

If you started your course on or after 1 August 2018 and you're a full-time distance learning student, you may be eligible for a Maintenance Loan.

### Welsh Government Learning Grant **NOT REPAYABLE**

The amount of Welsh Government Learning Grant that you're entitled to will be based on your household income and where you're studying.

If you started your course on or after 1 August 2018, you will receive a Welsh Government Learning Grant of at least £1,000 if you're not receiving a reduced rate loan. The total amount of student finance you can get depends on where you live while you're studying. This amount will be split between Maintenance Loan and Welsh Government Learning Grant. If you're receiving a Special Support Grant, you may also be eligible for additional Welsh Government Learning Grant funding in addition to your Special Support Grant.

If you started your course before 1 August 2018 and are eligible for a Welsh Government Learning Grant, you will receive up to £5,161 depending on your household income. If you are eligible to receive a Special Support Grant, you will not be eligible to receive a Welsh Government Learning Grant.

If you started your course on or after 1 August 2018 and you're a full-time distance learning student, you may be eligible for a Welsh Government Learning Grant.

## Special Support Grant **NOT REPAYABLE**

The Special Support Grant is available to help with extra course-related costs such as books, equipment, travel and/or childcare.

You can apply for a Special Support Grant if, for example, you are a lone parent, have certain disabilities or qualify for certain benefits. Getting a Special Support Grant will not affect the amount of Maintenance Loan you can get. If you're eligible, you'll receive a Special Support Grant instead of a Welsh Government Learning Grant.

If you started your course on or after 1 August 2018, you may be eligible for a Special Support Grant of up to £5,161 and an additional Maintenance Loan based on your household income and where you'll be studying.

If you started your current course before 1 August 2018, you may be eligible for a Special Support Grant of up to £5,161.

If you started your course on or after 1 August 2018 and you're a full-time distance learning student, you may be eligible for a Special Support Grant.

The questions in Section 9 will help you work out if you are able to get a Special Support Grant.

You can find out more information about loans and grants at [www.studentfinancewales.co.uk](http://www.studentfinancewales.co.uk)

## Fee Grant **NOT REPAYABLE**

If you started your course before 1 August 2018 you may be eligible for a Fee Grant.

The Fee Grant amount is the difference between the maximum Tuition Fee Loan available (£4,955) and the Tuition Fee being charged by the university or college.

For example:

Tuition Fee charged (up to £9,250) - Tuition Fee Loan maximum (£4,955) = Fee Grant entitlement (up to £4,295)

Your Fee Grant will be paid directly to your university or college in three instalments within the academic year.

You will not be eligible to receive this Fee Grant if you are undertaking a course at a private university or college.

If you receive a Tuition Fee Waiver, the Fee Grant paid to your university or college will be reduced by the amount of fee waiver you receive.

## Adult Dependants' Grant **NOT REPAYABLE**

This grant is dependent on your income and any income of your dependants. You can only apply for this grant if you meet any one of the following criteria:

- you are married,
- in a civil partnership and living with a partner of either sex, **or**
- have another adult dependant.

You are not eligible for Adult Dependants' Grant for your cohabiting partner, if you started your course before 1 August 2018 and were under 25 on the 1st day of the 1st academic year of your course.

You can only apply for this grant for one adult dependant; if you have more than one adult dependant, you can still only receive one grant.

## Section 1 - finance available

### Childcare Grant **NOT REPAYABLE**

You may get help with some of your childcare costs, depending on your income and any income of your dependants, if you have dependent children aged under 15 at the beginning of the academic year, including dependent children who are born after the start of the academic year – or under 17, if they have special educational needs – and you need childcare services for them. You may be able to get help with childcare costs during holidays as well as during term-time. Your children must be looked after by registered or approved childminders or an approved childcare provider for you to get this grant. You cannot have this grant if you or your partner receives the childcare element of either Working Tax Credit or Universal Credit, Childcare Allowance from the National Health Service (NHS) or Tax-Free Childcare from HM Revenue and Customs (HMRC), you have to choose one or the other.

You will be sent more information about the Childcare Grant and further forms to complete and tell us your weekly childcare costs.

### Parents' Learning Allowance **NOT REPAYABLE**

The amount you receive depends on your income and that of your dependants (including your husband, wife or partner). It is not counted by Jobcentre Plus or housing benefit departments when calculating your other benefits, so you do not have to choose between Parents' Learning Allowance and other benefits.

### Disabled Students' Allowance (DSA) **NOT REPAYABLE**

This can help pay for the extra course-related costs you may have as a result of your disability, including a long-term health condition, mental health condition, specific learning difficulty or autism spectrum disorder. This includes special equipment, a non-medical helper or special travel arrangements.

If you provide evidence of your disability this will help us process your application more quickly. You can find out more about the evidence we need on the DSA application. If you do not have this evidence yet, send this form to us now and send in the evidence of your disability later. We will contact you to ask for the extra information we need.

If you are taking your course by distance learning or otherwise undertaking but not attending a course in person for a reason which relates to your disability, you can apply for all types of student finance (except Travel Grant) as if you were attending in person. The evidence you send must show that you are unable to attend university or college in person for a reason which relates to your disability.

If you started your course on or after 1 August 2018 and you're a full-time distance learning student, you may be eligible for Disabled Students' Allowance.

If you want to apply for DSA only, you should complete sections 2–5 of this form and return it to us. We will then send you another form that asks more specific questions about your disability/specific learning difficulty. Alternatively, if you want to send us all the details in one go you should complete a full DSA1 form instead of this form. You can download a full DSA1 application form at: [www.studentfinancewales.co.uk](http://www.studentfinancewales.co.uk)

### Bursaries and Scholarships **NOT REPAYABLE**

Some universities and colleges may choose to offer discretionary bursaries or scholarships. The amount offered would be at their discretion and you may not need to be eligible for the full Welsh Government Learning Grant or the full Special Support Grant to qualify for their bursary or scholarship scheme.

## Section 1 - finance available

Continued

### Travel Grant **NOT REPAYABLE**

If you have to study at a university or college outside the UK for the majority of any term in the academic year or if you have to attend a place in the UK away from your main college or university as part of your medical or dental training, you may be eligible for help with the cost of travel. You may also be able to get help to cover the cost of the medical insurance, visa costs and vaccinations. The support you receive is dependent on your household income.

If you have extra travel costs because you are disabled or have a specific learning difficulty, you should apply for Disabled Students' Allowance instead. If you have a disability but aren't eligible for Disabled Students' Allowance, you can still apply for a Travel Grant.

You will be sent further forms to complete about your travel costs.

### Applying for student finance that is not based on household income

If you apply for student finance that is not based on your household income, then apply to be reassessed based on your household income later in the year, you may have to pay back some of the Maintenance Loan you were paid.

This is because being assessed on your household income could mean you can get less Maintenance Loan and more Welsh Government Learning Grant.

If you are still having difficulty choosing which types of financial support you wish to apply for there is further information about loans and grants available at: **[www.studentfinancewales.co.uk](http://www.studentfinancewales.co.uk)**

You may still be able to get Tuition Fee only funding. ## Section 4 - about your course and your university or college

### Course details

You will not be able to apply for an NHS funded course starting on or after 1 August 2018 at a university or college in Northern Ireland.

**b2** Direct Entry means coming directly into a course programme on a year greater than the first year of the course.

**c** If the course details you give us can't be confirmed yet, your student funding may be delayed. You should give as much detail about your university or college and course as you can, for example full university/college name, full course name and UCAS course code.

If you are unsure about the tuition fee amount you will be charged or you're studying abroad, please contact your university or college.

### Course type

#### **d Full-time undergraduate**

For these courses you will attend university or college on most days of the week and for most weeks of the year (apart from weekends and the usual holidays). You must attend the course for at least 24 weeks in the academic year, unless it is the last academic year of the course, in which case you must attend for at least eight weeks. The course must also last for at least one academic year.

You will still be considered to be attending your course even if arrangements have been made by your university or college for you to take the course without having to attend.

#### **e Full-time distance learning**

If your course started before 1 August 2018 and you are studying on a full-time distance learning course for a reason relating to a disability you must send evidence that clearly shows you are unable to attend university or college in person for a reason which relates to your disability. If you're studying on a full-time distance learning course because you or your family member is currently serving in the Armed Forces outside of Wales, you don't have to send evidence of a disability.

#### **Full-time foundation degree**

Foundation degrees are employment-related higher education qualifications designed to give you the skills needed at the relevant professional and higher technician level. They are designed to be flexible to suit different situations, and you can complete foundation degrees in two years if you study full-time.

#### **Full-time course involving a placement ('sandwich' course)**

This kind of course includes full-time education at the university or college, plus periods of industrial or work placement.

#### **e2 Term details**

We'll send you additional forms to complete with your study abroad and travel details.

You should select 'Work placement' if you will be working in the UK or abroad as part of your course during this academic year or if your placement is part of a sandwich course.

**f2** If you're applying for funding from the Turing Scheme or Taith, you can't get a payment for the same travel expense from both SFW Travel Grant and the Turing Scheme or Taith.

#### **Placement details**

**g** If you don't know where your placement will be yet you should let us know as soon as possible.

If your placement is an unpaid placement that is not listed then you will only be entitled to a reduced rate of Maintenance Loan.

## Section 5 - previous financial support and other information

### Previous study

**a3** If you did not finish your course due to compelling personal reasons (which does not include reasons of academic performance alone), you must give full details in this section and send the necessary documentary evidence to support the reasons you give.

**e** If you are eligible to apply for a social work bursary from Social Care Wales you should answer 'No' to this question because this is a separate bursary to those offered by the NHS or the DoH.

If you're studying on a Paramedic course at an English university/college and are eligible to apply for tuition fee and/or living cost support from your local ambulance/health trust, you should answer yes to this question.

If you are eligible to apply for an **income assessed** bursary or award, the only element of student finance you are eligible to apply for is the non-income assessed part of the Maintenance Loan and this will be at a reduced rate.

If you are eligible to apply for a **non-income assessed** bursary – you are **not** eligible for any other student finance. The only exception would be if you are a seconded student studying a health related course and you have been advised that you cannot apply for any bursary at all, either income or non-income assessed.

**e** You must send confirmation of your eligibility for an NHS bursary to Student Finance Wales. If you do not have this evidence now, do not wait until you receive it to submit your application for student finance. Simply send this evidence to Student Finance Wales as soon as you receive it.

If you are unsure about your eligibility for a bursary, contact Student Awards Services, NHS Wales.

## Loan request section

### National Insurance number

If you do not provide your National Insurance number, payment of your loan(s) will be withheld and you will have to fund your own tuition fees and living costs until you have resolved this issue.

You will find your National Insurance number on any of the following:

- your National Insurance number card or letter;
- a payslip;
- an income tax document such as a P45 or P60.

If you have never been given a National Insurance number, you should leave the National Insurance number boxes blank. You will be contacted if you need to take any action to obtain a National Insurance number.

### Maintenance Loan

This loan is paid in instalments directly to you and is to help cover your personal living costs throughout the academic year.

If you started a full-time distance learning course on or before 1 August 2018 (for reasons not relating to disability) you can only apply for a Tuition Fee Loan and a Fee Grant.

If you started your course on or after 1 August 2018, the way we'll work out your Maintenance Loan has changed. We'll work out how much Welsh Government Learning Grant you can get first then the rest of your student finance will be awarded as a Maintenance Loan. If you request more Maintenance Loan than you're entitled to, we'll award you the lower amount.

### Tuition Fee Loan

Your Tuition Fee Loan will be paid directly to your university or college in three instalments within the academic year. You will be liable for your Tuition Fee Loan from the first day of each term **not** the date when the instalment is paid to your university or college.

Liability date	% of total Tuition Fee loan that you will be liable for
First day of Term 1	25%
First day of Term 2	50%
First day of Term 3	100%

If you are unsure when your term starts please contact your university or college.

Each payment is made after we receive confirmation from your university or college that you are in attendance at the start of each term. Interest will be charged from the day we pay the Tuition Fee loan to your university or college.

If you are starting the first year of a graduate entry medical or dental programme course you can apply for a Tuition Fee Loan of up to £5,785 (if fee charged is £9,000). If the fee charged by your university/college is more than £9,000, the NHS will fund the additional fee. However, you will need to pay the first £3,465 of the tuition fee amount charged by your university or college.

### Applying for a loan at a later date or changing the amount requested

You can apply for a Maintenance Loan or a Tuition Fee Loan at any time in the academic year provided you are within the time limit. The time limit for applying is usually nine months from the start of your academic year.

You can apply for a Maintenance Loan or a Tuition Fee Loan, or change the amount you originally requested at: [www.studentfinancewales.co.uk](http://www.studentfinancewales.co.uk)

### Terms and Conditions

If you receive a loan, there is a legally binding contract between you and the Welsh Ministers. The loan request section including the declarations set out after section 11 of the PN1 application form are an integral part of your contract with the Welsh Ministers. Additional terms of the contract can be found in Regulations made under section 22 of the Teaching and Higher Education Act 1998, as amended from time to time, or successor legislation.

## Section 7 - dependent and independent students

**a2** If you're under 25 and living with a partner having previously been married to, or in a civil partnership with a different partner, you'll need to send evidence to confirm one of the following:

**e**

- you are divorced
- you are separated
- your civil partnership has been dissolved
- you are widowed
- you are a surviving civil partner

**a3** Having the care of a person under the age of 18 means that you look after a child and the child lives with you, irrespective of your relationship to the child.

**e**

Send the child's/children's original birth certificate(s) and evidence that you have care of the child, for example, evidence that you are receiving Child Benefit, Child Tax Credit or the child element of Universal Credit.

### **b Irreconcilable estrangement**

You will normally be considered irreconcilably estranged from your parents if you have not had verbal or written contact with both of your biological or adoptive parents, or your only living parent for twelve months or more before the start of your academic year, and this will not change.

You will **not** be considered irreconcilably estranged from your parents because:

- you do not get on with your parents;
- you do not live with them;
- your parents do not want to give details of their income; or
- your parents choose not to provide you with financial support.

For more help and information on applying as an estranged student, go to the 'Standalone' website.

### In the legal care of a Local Authority

**If you started your course on or after 1 August 2018** - if you have been in the custody or legal care of a Local Authority, or under a special guardianship order at any point between the ages of 14 and 16 (before the start of your course) but have been back in the legal care of your parents, you will still be considered independent.

**!** You should only send us evidence of your household income if you're applying for any of the grants in section 10.

**If you started your course before 1 August 2018** - if you have at any point been in the custody or legal care of a Local Authority but have been back in the legal care of your parents at any time since then, you will not be considered independent.

Send a signed and dated letter from your Local Authority or a professional person that has known you for at least 12 months.

**c** To be considered as supporting yourself financially you must have met your own living costs for at least 3 years from any of the sources below. This does not have to be 3 consecutive years:

- Income from employment;
- Benefits;
- State studentships;
- Scholarships, exhibitions and bursaries. You would not be considered as supporting yourself financially if you are supported by a parent.

**e** Please send evidence that you have been supporting yourself financially such as P60s or benefit information. Bank statements and wage slips are also considered as acceptable evidence. Evidence is reviewed on a case by case basis.

**!** If you've been granted 'leave to remain' in the UK under section 67 of the Immigration Act 2016 or you are the dependent child of someone who has, you don't need to send any evidence of independence.

## Section 8 - student financial details

### Unearned income

- a** You may be asked to confirm any estimated income at a later date.

If your actual income is different from your estimated income we will reassess your entitlement to student finance. This may change the level of financial support you receive.

When working out your taxable unearned income, you should **not** include:

- earnings from full or part-time work such as vacation work or work you do during term-time;
- any Maintenance Loan or grant payments you may receive;
- payments you receive from your parents under a covenant;
- maintenance payments you expect to receive for your children. These maintenance payments should be included as part of your children's income in question 8d;
- Teacher Training Bursaries;
- bounties paid by the armed services to reservists or disablement or invalidity pensions;
- ISAs.

### Payments from an employer

- b** You should **only** provide an amount here if you are being released from employment by your employer to attend your course. If this is the case, you should only include salary or wages for days you are actually attending your course and have been released from your employment to do so. Any earnings from salary or wages entered here may affect your student finance entitlement.

**Do not** provide any amount here if you are a student who is working while studying but have not been specifically released by your employer to attend your course.

### Dependent children

- d** You must include any income the child receives from working, from interest earned on savings, from investments and from any maintenance payments you expect to receive for your children as part of **their** income in this question.

**Don't include** income from sources such as child benefit, child tax credit, child element of Universal Credit, Government Child Trust or minimal sums of money from other sources when entering a child dependant's income.

If your child dependant's income will be at least 15% less than it was in the tax year 2021-22 you can apply for a current year income assessment. This means we would use their expected income for tax year 2023-24 instead of their actual income for 2021-22 when working out your grant entitlement. If you want to be assessed using expected income for tax year 2023-24 use the additional notes pages at the back of the form to give us details.

- e** You must send your child's/children's original birth certificate(s) and photocopies of evidence showing child's income from all sources after tax and social security contributions in tax year 2021-22.

## Section 9 - Special Support

If your adult dependant's income will be at least 15% less than it was in the tax year 2021-22 you can apply for a current year income assessment. This means we would use their expected income for tax year 2023-24 instead of their actual income for 2021-22 when working out your grant entitlement. If you want to be assessed using expected income for tax year 2023-24, **still complete this section** and use the additional notes pages at the back of the form to give us details.
