Student Finance Wales Information Notice:

Education Maintenance Allowance Scheme and Welsh Government Learning Grant (Further Education) Scheme

Academic Year 2022 to 2023

SFWIN 05/2022

This Information Notice provides details of the income assessed Education Maintenance Allowance (EMA) and Welsh Government Learning Grant (Further Education) (WGLG (FE)) schemes for academic year 2022 to 2023. Please ensure that this Information Notice is circulated to all staff and colleagues who help to administer the schemes.

A copy of the EMA and WGLG (FE) schemes for 2022 to 2023 will be available to view on the Welsh Government's [funding and finance for students](#) webpage.

Application Forms

The Student Finance Wales service for EMA and WGLG (FE) for 2022 to 2023 opened on 25 April 2022. As in previous years, bilingual application packs for new academic year will be issued to registered learning centres. The new forms and guidance notes about eligibility and entitlement for academic year 2022 to 2023 will also be available to download from [Student Finance Wales](#).

The grant awards and income thresholds for the EMA and WGLG (FE) schemes have been maintained for academic year 2022 to 2023.

The Student Finance Wales bilingual customer service can be contacted on 0300 200 4050.

Residency Categories

Details about residency categories and EU Exit changes for academic year 2022 to 2023 are set out in the tables in the [Annex](#) attached.

Matters of residency and immigration are complex and if applicants require advice when completing their application for support, they should refer to the relevant application notes or contact the Student Finance Wales service. However, Student Finance Wales will only be able to determine eligibility and entitlement following receipt of a fully completed application with appropriate supporting evidence.

The EMA and WGLG (FE) application and guidance notes for academic year 2022 to 2023 will reflect the changes.

WGLG (FE) Scheme – Financial Assessment of Household Income

Changes will be made to the financial assessment of household income in the WGLG (FE) Scheme for academic year 2022 to 2023, as follows:

- Independent students will be aligned with dependent students and sponsors/partners for the purposes of income assessment. This means for 2022 to 2023 applicants who are Independent students will be asked to provide income information for the tax year 2020 to 2021. The change allows Student Finance Wales to verify household income details with HMRC.
- To mirror that of Dependent students and parents and partners, Independent students will be able to request a Current Year Income assessment if there has been a non-temporary drop in their household income since the tax year 2020 to 2021.
- Dependent students will be aligned with independent students and be able to provide details for permitted income deductions.

The WGLG (FE) application form and supporting guidance notes will reflect the above changes.

Covid-19 Arrangements – Attendance, Backdated EMA Payments and Signing Learning Agreements

The discretionary arrangements introduced in response to managing the COVID-19 situation will be maintained for the 2022 to 2023 academic year. Details can be found in the previously published [Information Notice \(04/2020\)](#).
