Who needs to complete this section?

Section 7 of this form tells you who needs to complete this section.

What details do I need to provide in this section?

You need to tell us some personal details and what your financial income was for tax year 2020-21. You must tell us your 2020-21 income details as we cannot accept amounts from any other tax year. We need your income amounts so we can work out what the student(s) you are supporting is entitled to. Before completing this form, you should read the Privacy Notice on page 17 of the accompanying notes. The student may be eligible for a bursary or scholarship. In order for a university or college to determine and pay any bursary or scholarship to which the student(s) you are supporting may be entitled, we will share some of your personal and financial details with them. For more information about this, read our Privacy Notice.

About this section

Section 9 is split into six parts:

Part A – Tell us your name and address and some other personal information.

Part B – Tell us your National Insurance number.

Parts C and D – Answer every question.

Part E – Answer every question and tell us about any income deductions for tax year 2020-21 where appropriate.

Part F – Tell us about any children who are financially dependent on you.

How to complete this section

If you are a single parent of the student

Enter your information as Person 1, leave Person 2 blank.

If there are two parents in the student's household

Complete this section with information for both Person 1 and Person 2.

If you are the partner of an independent student

Enter your information as Person 1, leave Person 2 blank.

If you're self assessed – read page 10 of the notes for more information. 

If you're not self assessed – you can use your P60 to complete this section.

What happens if my household income has dropped since tax year 2020-21?

If your household income will be **at least** 15% less than it was in tax year 2020-21 you can apply for a Current Year Income Assessment.

This means we would use your expected income for tax year 2022-23 instead of your actual income from tax year 2020-21 when calculating the student's entitlement. However, there must be at least a 15% drop in the **overall household income** (not just your own income) between these two tax years for us to do this. We will ask for evidence of your 2022-23 income at the end of that tax year.

Returning the form

To make sure the student receives their first payment at the start of term, this form **should** be returned with all of the evidence we need as soon as possible. If the application form is returned more than nine months after the start of the academic year it won't be processed, and the student may lose their full entitlement to student finance for this academic year.

Now pass this form back to the student.
